### Description of Beginning Band

This course provides opportunities for students to develop their musical potential and aesthetic understanding through learning to play a woodwind, brass, or percussion instrument. Study includes the care and cultivation of a beautiful tone, the ability to read music, the building of technical skills, team spirit, and responsible rehearsal habits. Students will have opportunities to experience the spontaneity of improvisation and the creative process of composing. Students will strengthen listening skills and their ability to analyze and evaluate music and music performances. Attention will also be given to relating their music experiences to the time and culture of the pieces they study, as well as to contemporary society. *No prerequisite course is required.*

### Explanation of Standards

The Utah State Music Core divides the goals of music education into four music standards which are Perform, Create, Listen/Analyze/Evaluate, and Discover Meaning. These four divisions or standards organize the curriculum into manageable and related units and guide the student through a rich experience with music. Each standard is broken into objectives, each objective into indicators. A scoring box is placed to the left of each objective. The student scores his or her achievement within each objective using a number ranging from 0 to 10. A legend is provided wherein the student and teacher tally both the average score from the objective boxes and the total number of indicators the class has studied.

Playback/recording technology is required.

Listed below are all of the courses presented in the Music Core Curriculum. There are additional, elective courses available in many schools.
